PRODUCT DETAILS

Up to 6 discs for hours of music to set your life to

Music lovers rejoice! Those looking for the ultimate in CD playback from an audiophile grade component will be impressed with high-precision VQA (Vector Quantizer Audio DAC Technology) and 128x oversampling. Others looking for convenience will thrill at the sight of 6-disc capability, 6 repeat modes, 40 track programming and no worries about interruptions to your music with the ability to change 5 discs while the last one is still playing.

All will marvel at crystal clear playback enhanced by our exclusive VLSC (Vector Linear Shaping Circuitry) for a smoother sounding audio signal and Direct Digital Path, a heavily shielded, high-quality cable to protect that same delicate audio signal from noise emitted by the surrounding circuits. Housed in a sturdy chassis graced with a brushed aluminum front panel, the DX-C390 is ready to provide hours of uninterrupted music for the soundtrack to your life.
