You do life. We’ll do tunes.
Introducing your voice-controlled lifestyle concierge with the Google Assistant built-in and enhanced by decades of Onkyo audio know-how to give music wings. Ask to play whatever you want through custom amp and long-throw woofer, or voice-control other speakers in a Chromecast built-in ecosystem when your hands are full. Experience the depth and power only Onkyo can bring to music.

Features

• With the Google Assistant built-in
• Comes with Chromecast built-in for voice-automated media streaming to Chromecast-enabled speakers and other audio and A/V systems
• Voice control for home automation with compliant devices
